

October 2017 OROC minutes

Giovanni's Pizzeria, Beaverton

Meeting opened 7:31 by President Gary Goncher,

New people – OSU Team and Robert Martel from Giant Leap Rocketry

Gary recapped Sheridan launch, 424 motors flown, low power 52%, mid power 38% and high power 17%

Issues, need range flags to show which ranges are open/closed

BALLS recap, Robert Braibish, Rob Appleton and others

Although most was 2 stage carnage, the OSU team had a very good flight but stripped their drogue chute on the sustainer. Robert Braibish got L3. Team Numb flew an N5300 to 27K, Team Hardtail flew 2 O's, an N, M and K.

Model rocket launch will be held at Garden Home Park, 2-4pm, George Ranchor and Stefan will be running it.

Rocketober, the fire alert has been called off, so we can launch, depending upon weather, sparkies may be allowed. LCO's and RCO's are needed. All high waivers need to be coordinated with Bod

Robert read treasurers report and suggestions were made for club funds. These include medical equipment such as first responder packs and AED. We also need to upgrade our PA system.

Robert from Giant Leap introduced himself and gave a presentation on the new Giant Leap Rocketry items.

Frank showed his Estes Trajector with Accur8 body wraps

Meeting closed 8-34
